

# Belle Glade Marina Improvements

## BELLE GLADE, FLORIDA

To make improvements to the Belle Glade Marina located in West Palm Beach, Cashman constructed ~1,600' concrete bulkheads, 11 floating docks, a fishing pier, and two pedestrian bridges.

### PROJECT HIGHLIGHTS

- Installed pre-cast concrete panels.
- Provided and installed pre-stressed concrete king piles and batter piles.
- The batter pile template was designed and fabricated in-house.
- Constructed the timber decking for the aluminum floating docks.
- Installed prefabricated aluminum pedestrian bridges.
