

Main Data:

Gross Tonnage	941
Length	154 ft.
Breadth	52 ft.
Depth	8.5 ft.
Freeboard	4 ft.
Draft	4.5 ft.
Type of Crane	Clyde 28
Environmental Bucket Capacity	27 yd ³
Sand/Hard Material Bucket Capacity	13 yd ³
Heavy Duty Bucket Capacity	8 yd ³
Max. Dredging Depth	100 ft.
Total Installed Horsepower	2,000 hp
Crane Engine Power	1,080 hp
Positioning Equipment	Dredgepack® System

Construction/Classification:

Year Built	2010
Certification	ABS Classed/All Oceans ABS International Loadline

Applications:

- Maintenance Dredging
- Pier & Dock Excavation
- Channel Excavation
- Harbor Excavation

Additional Features:

- Equipped to dig using spuds for deep water or offshore applications
- Equipped with a 4-point mooring system
