

Edom Hills Wind Farm

PALM SPRINGS, CALIFORNIA

The Edom Hills (repower) Wind Farm is located in the San Geronio Pass near Palm Springs, California. Commissioned in 2008, it consists of 10 Clipper Liberty C93 wind turbines with a combined nominal capacity of 20 MW.

This repowered wind farm is located on the same site as the original Edom Hills wind farm, which was developed in (about) 1985 and consisted of 139 Windmatic wind turbines with a combined rated capacity of 10.8 MW.

Patriot Renewables, a member of the Cashman Family of Companies, became a tax equity partner in 2018.
