

### Main Data:

Gross Tonnage	1179
Length	180 ft.
Breadth	65 ft.
Depth	12 ft.
Freeboard	6 ft.
Draft	6 ft.
Environmental Bucket	60 yd <sup>3</sup>
Heavy Duty Bucket	28 yd <sup>3</sup>
Max. Dredging Depth	100 ft.
Total Installed Power	2,700 kW
Crane Engine Power	2,500 kW
Positioning Equipment	Dredgepack® System

### Additional Features:

- Equipped to dig using spuds for nearshore applications
- Equipped with a 4 point mooring system for offshore applications

### Construction/Classification:

Year Built	2013
Certification	ABS Classed/All Oceans ABS International Loadline

### Applications:

- Maintenance Dredging
- Channel Excavation
- Harbor Excavation
- Pier & Dock Excavation
